Airbase is the only comprehensive spend management platform that scales with companies from startup to IPO and beyond. It combines three products — accounts payable, an advanced corporate card program, and employee expense reimbursements — into one system. Implemented individually, each product has all the core functionality you expect from a best-of-breed solution. Taken together, Airbase is a consistent and efficient platform experience for all non-payroll spend. Automated accounting and approval workflows provide visibility and control, a faster close, and real-time reporting. It's beyond spend management. It's spendlightenment.
